

## **FUSION**

**February 6 to March 23, 2008**

In celebration of *Espace VERRE's* 25th anniversary, Espace Création will be hosting a dazzling exhibit showcasing works from *La Collection Loto-Québec* and *Espace VERRE*.

Under the theme "Fusion", the exhibit highlights professional and emerging glass artists, as well as artists whose works are part of *La Collection Loto-Québec*, in a flamboyant and eye-catching display. Fusion invites the public to discover the world of fire-borne art through this exclusive glassworks collection, presented along with a selection of contemporary works, both pictorial and glass, from *La Collection Loto-Québec*.

Unique to Québec, Espace VERRE is a centre for glass art education and creation. Affiliated with *Cégep du Vieux Montréal*, *Espace VERRE's* mandate also includes research and the promotion and recognition of glass art. The works on display during Fusion will include creations by the founders of *Espace VERRE* themselves, as well as works by recipients of the *Prix François-Houdé*, which is awarded to young Montréal artisans in recognition of excellence in craftsmanship.
